BAHADUR KHAN

BACKEND DEVELOPER

Jaipur, Rajasthan | 6350562100 | info.bahadur6350@gmail.com

PROFESSIONAL SUMMARY

Node.js Backend Developer with hands-on experience building REST APIs using Node.js, Express.js, MongoDB, and MySQL. Skilled in JWT authentication, RBAC, middleware, MVC architecture, Prisma ORM, and API testing with Postman. Strong foundation in JavaScript (ES6+), asynchronous programming, and database-driven application development. MCA graduate seeking a Backend Developer role.

TECHNICAL SKILLS

Languages & Runtime: JavaScript (ES6+), Node.js

Backend & APIs: Express.js, RESTful APIs, MVC / Modular Architecture, Middleware, API Integration

Database: MongoDB, MySQL, Oracle DB, SSMS

ORM: Prisma, Sequelize

Frontend: Basics of React.js, Next.js and Angular.js

DevOps: Linux, AWS/Azure Basics, Terraform, Docker, K8s, Jenkins/GitHub Action

Auth & Security: JWT Authentication & Authorization, Input Validation, Error Handling

Core Concepts: CRUD Operations, Async/Await, Promises, JSON, HTTP/HTTPS, Debugging

Tools: Git, GitHub, Postman, npm/yarn

PROFESSIONAL EXPERIENCE

JavaScript MEAN Stack Developer — Durapid Technologies PVT. Ltd. *Mar 2022 – Dec 2022*

- Worked on the search functionality of a job portal API (TCS Job Portal project) using Node.js, Express.js, and MongoDB, contributing to backend query and filtering logic.
- Built and consumed RESTful APIs as part of a MEAN stack application, handling data flow between the backend and database.
- Gained hands-on experience with JavaScript (ES6+), async/await, and modular backend code organization in a real production codebase.
- Collaborated with the development team to debug and test API endpoints during feature development.

PERSONAL PROJECTS

Job Portal Frontend *(Next.js, React, Tailwind CSS)*

• Built a responsive job portal frontend using Next.js and integrated it with REST APIs for user authentication, job listings, search, filtering, and job applications.

• Developed reusable UI components and implemented role-based user flows for candidates and recruiters.

Job Portal Backend *(Node.js, Express.js, Prisma, MySQL)*

• Built REST APIs for user authentication, job management, company management, job applications, and role-based access control using Node.js and Express.js.

• Implemented JWT, Passport.js, Bcrypt, RBAC, and CASL for secure authentication and authorization.

• Developed job search, filtering, pagination, application management, and recruiter applicant APIs using Prisma ORM and MySQL.

• Implemented request validation, centralized error handling, and secure API design to prevent unauthorized access and invalid requests.

EDUCATION

Master of Computer Applications (MCA) *2025*

Himalayan Garhwal University — CGPA: 7.78

Bachelor of Computer Applications (BCA) *2021*

Maharishi Dayanand Saraswati University, Ajmer — 62.79%

CERTIFICATIONS

- Full Stack Web Developer – MEAN Stack, Simplilearn Master's Program (Jan 2025) — Certificate ID: 45117192
