BAHADUR KHAN

Node.js Backend Developer

Jaipur, Rajasthan | 6350562100 | info.bahadur6350@gmail.com

PROFESSIONAL SUMMARY

Node.js Backend Developer with hands-on professional experience building REST APIs using Node.js, Express.js, and MongoDB, backed by an MCA and a certified MEAN Stack training program. Skilled in JWT authentication, middleware design, MVC architecture, and API testing with Postman. Strong foundation in JavaScript (ES6+), async/await, and database-driven backend development, with a track record of self-driven learning through independent projects. Seeking a Backend Developer role in Jaipur to contribute to real-world Node.js applications and grow into a stronger backend engineer.

TECHNICAL SKILLS

Languages & Runtime: JavaScript (ES6+), Node.js

Backend & APIs: Express.js, RESTful APIs, MVC / Modular Architecture, Middleware, API Integration

Database: MongoDB, MySQL / SQL/OrcleDB/SSMS

Auth & Security: JWT Authentication & Authorization, Input Validation, Error Handling

Core Concepts: CRUD Operations, Async/Await, Promises, JSON, HTTP/HTTPS, Debugging

Tools: Git, GitHub, Postman, npm

PROFESSIONAL EXPERIENCE

JavaScript MEAN Stack Developer — Durapid Technologies Pvt. Ltd. *Mar 2022 – Oct 2022*

- Worked on the search functionality of a job portal API (TCS Job Portal project) using Node.js, Express.js, and MongoDB, contributing to backend query and filtering logic.
- Built and consumed RESTful APIs as part of a MEAN stack application, handling data flow between the Express backend and MongoDB database.
- Gained hands-on experience with JavaScript (ES6+), async/await, and modular backend code organization in a real production codebase.
- Collaborated with the development team to debug and test API endpoints during feature development.

PERSONAL PROJECTS

Instagram Clone – REST API *(Node.js, Express.js, MongoDB, Mongoose)*

- Designed and built a backend REST API replicating core Instagram features using Node.js, Express.js, and MongoDB with Mongoose schemas for data modeling.
- Implemented CRUD operations and structured routes/controllers following MVC architecture.

Job Portal*(Node.js, Express.js, JWT/RBAC/ABAC, Sql/MySql)*

- Built a secure user registration and login API with JWT-based authentication and authorization middleware.
- Implemented input validation and error handling to protect API endpoints from invalid requests.

EDUCATION

Master of Computer Applications (MCA) *2025*

Himalayan Garhwal University — CGPA: 7.78

Bachelor of Computer Applications (BCA) *2021*

Maharishi Dayanand Saraswati University, Ajmer — 62.79%

CERTIFICATIONS

- Full Stack Web Developer – MEAN Stack, Simplilearn Master's Program (Jan 2025) — Certificate ID: 45117192
